

**Surviving Abuse, Neglect & Exploitation Committee.**  
**12/9/2020 12:00PM Notes**

- This will most likely be our last meeting.
- Survey memo's are almost complete.
- We are debating how to include narratives in the report while preserving anonymity.
- Also, some service providers listed include name's of private practice. We will leave these names for the steering committee.
- Kate will add a note to the report about recognizing that the immigrant/spanish speaking community is very underrepresented in our data. Also the substance abuse community. As a recommendation to the task force, once the pandemic is over it might be beneficial to reach out to these communities in person to see how the pandemic affected them. Many of these groups are easier to contact in person.
- The public awareness committee helps us disseminate the information from the survey.
- We would also like to share the findings with different government agency, while making sure to preserve anonymity.
- Although we may not meet next week, Kate will work on a second draft of the memos and it will be sent out to everyone.

memo for the survey recipients survey

Maryland Legal Aid

- Is in the middle of its coat distribution project.
- Donations to CINA (children In need of assistance- mostly foster children) are needed. Laura will send out information on how to donate.
